Executive
Committee**MEMORANDUM**

TO: Distribution

FROM: Susan M. Stuntz *SS*

The attached draft plan to deal with the challenges presented us at the EPA and at OSHA incorporates, we believe, all of the issues discussed at yesterday's meeting.

I would appreciate any additional comments that you might have by 2 p.m. tomorrow, as Sam Chilcote would like to forward the document to the Executive Committee tomorrow, so that they might have adequate opportunity to review it in advance of next Friday's meeting.

Thank you in advance for your quick response.
